ALPHABETIC LIST OF COMPANIES	80
------------------------------	----

Mašīnbūves un metālapstrādes rūpniecības asociācija (MASOC) kopš 1994.gada pārstāv asociācijas biedru un nozares kopējās intereses un īsteno kopīgus projektus biedru un nozares konkurētspējas stiprināšanai. MASOC apvieno virs 170 vadošos nozares uzņēmumus, saistītos pakalpojumu sniedzējus, pētniecības un izglītības institūcijas.

## GALVENIE DARBĪBAS VIRZIENI IETVER:

### INTEREŠU PĀRSTĀVΝIECĪBA

Pastāvīgi tiek nodrošināta sadarbība un dialogs ar valsts pārvaldes institūcijām, lai sekmētu nozares attīstībai būtisku jautājumu risināšanu. Pārstāvot biedru intereses tiek nodrošināta cieša sadarbība ar Latvijas Tirdzniecības un rūpniecības kameru un Latvijas Darba devēju konfederāciju. Eiropas līmenī intereses tiek pārstāvētas ar Eiropas Inženierozaru asociācijas ORGALIM starpniecību, kurās biedrs ir MASOC.

### IZGLĪTĪBA, CILVĒKRESURSU ATTĪSTĪBA UN JAUNATNES PIESAISTE

Tiek īstenota sadarbība ar visām nozīmīgākajām profesionālās un augstākās izglītības institūcijām, Izglītības un zinātnes ministriju, kā arī organizēti pasākumi jaunatnes piesaistei mācībām un studijām inženierzinātnēs un nozarei būtiskās profesijās. Viens no MASOC organizētajiem projektiem – Tehnobuss, ir ceļojoša mobila demo laboratorija, kura ir aprīkota ar modernām tehnoloģijām un ikdienā organizē nodarbiņas skolās ar mērķi ieinteresēt jauniešus inženierzinātnēs. Apmācību projekta ietvaros uzņēmumiem ir pieejams atbalsts darbinieku kvalifikācijas celšanai un tālākamācības kursu īstenošanai.

### MĀRKETINGS UN EKSPORTA VEICINĀŠANA

Asociācijas biedru produkti, tehnoloģiskās iespējas un sadarbības piedāvājumi tiek reklamēti starptautisko izstāžu, vizišu un tirdzniecības misiju ietvaros. Ik gadu tiek publicēts uzņēmumu katalogs LATVIAN ENGINEERING AND METALWORKING INDUSTRY, kas ietver informāciju par visu asociācijas uzņēmumu piedāvāto produkciju, pakalpojumiem un tehnoloģiskajām iespējām. Tieki organizēti kopīgi stendi starptautiskajās izstādēs un braucieni uz kontaktu veidošanas pasākumiem, piesaistot atbalstu no ES fondiem.

### SAVSTARPEJĀ SADARBĪBA UN KOOPERĀCIJA

Savstarpejā sadarbība un kooperācija tiek veicināta īstenojot kopīgus projektus un pasākumus, kā arī nodrošinot nepieciešamās informācijas apmaiņu. MASOC pastāvīgi uztur un atjauno datu bāzi par uzņēmumu tehnoloģiskajām iespējām un kompetencēm, līdz ar to atvieglojot sadarbības partneru meklēšanu. Regulāri tiek rīkoti kopīgi pasākumi, kuru ietvaros ir iespējamas neformālo kontaktu veidošanai ar citiem nozares uzņēmumiem, zināšanu un labas prakses apmaiņai.

### PĒTNIECĪBA UN INOVĀCIJAS

Mašīnbūves kompetences centra ietvaros tiek sniegtas atbalsts jaunu produktu un tehnoloģiju attīstības projektiem. MASOC cieši sadarbojas ar augstākās izglītības un pētniecības institūcijām, t.sk. iesaistoties kopīgos inovāciju projektos ar studentiem. Arvien lielāks uzsvars tiek likts uz digitalizāciju un progresīvo ražošanas metožu ieviešanu, kur iesaiste nacionālā un Eiropas līmenā platformās MASOC biedriem dod piekļuvi zināšanām, ekspertu atbalstam un jaunākajiem digitāliem risinājumiem.

### INFORMĀCIJA

Pastāvīgi tiek analizētas nozares attīstības tendences gan Latvijā, gan galvenajos eksporta tirgos. Tieki analizēta tehnoloģisko iespēju attīstība nozares uzņēmumos, situācija ar ražošanas jaudu noslodzi, esošajiem un trūkstošajiem speciālistiem, kā arī cita ar nozares attīstību saistīta informācija. Potenciālajiem sadarbības partneriem MASOC piedāvā atbalstu sadarbības partneru piesaistē un kontaktu veidošanā.

Lai klūtu par pilntiesīgu biedru, piedalītos aktivitātēs un pilnvērtīgi izmantotu biedriem sniegtās priekšrocības aicinām iepazīties ar kārtību kā klūt par biedru.

## THE MAIN AREAS OF ACTIVITY:

### REPRESENTATION OF INTERESTS

Cooperation and dialogue with public administration institutions is provided constantly in order to contribute to solving the issues important for industry development. By representing the interests of its members, close cooperation with the Latvian Chamber of Commerce and Industry and the Employers' Confederation of Latvia is provided. At the European level the interests are represented through the European Engineering Industries Association ORGALIM, MASOC being a member of it.

### EDUCATION, HUMAN RESOURCES DEVELOPMENT AND YOUTH ATTRACTION

Cooperation with all major professional and higher education institutions and the Ministry of Education and Science is organised, as well as activities for attracting young people to studies of engineering sciences and industry related occupations are being implemented. One of the projects organised by MASOC – Tehnobuss – is a travelling mobile demonstration laboratory equipped with modern technologies that organises daily classes for schools with the aim of promoting interest in young people about engineering sciences. Within the training project companies are provided support for increasing the qualification of their staff and for implementation of the further training process.

### MARKETING AND EXPORT PROMOTION

Products, technological capabilities and cooperation offers of the association members are promoted at international exhibitions, visits and trade missions. Every year the company catalogue LATVIAN ENGINEERING AND METALWORKING INDUSTRY is published, which includes information on the products, services and technological capabilities offered by all companies of the association.

### MUTUAL COOPERATION AND COLLABORATION

Mutual cooperation and collaboration is promoted through the implementation of joint projects and activities, as well as by providing the necessary exchange of information. MASOC constantly maintains and updates the database on the technological capabilities and competences of the companies, thus facilitating the search for cooperation partners. Regular events are held, during which there are opportunities for creating informal contacts with other companies in the sector, exchange of knowledge and good practices.

### RESEARCH AND INNOVATION

Mechanical Engineering Competence Centre is an initiative established by MASOC that provides support for development of new products and technologies. Close co-operation is ensured between MASOC and higher education and research institutions, including involvement of students in innovation projects. Digitalisation and advanced manufacturing is another area where MASOC is involved in several National and European level platforms. This provides MASOC members with access to top knowledge, expertise, tools and solutions in the area of digitalisation and advanced manufacturing.

### INFORMATION

The development trends of the industry both in Latvia and in the main export markets are constantly analysed. The development of technological capabilities in companies of the industry, the situation of the production capacity load, the existing and missing specialists, as well as other information related to the development of the industry is analysed. MASOC offers support to the potential members for attracting cooperation partners and establishing new contacts.

### SUBCONTRACTING

Many of the companies in the sector are involved in subcontracting activities. Altogether the member companies cover the whole spectrum of metal processing technologies making it possible to produce parts and components of any level of complexity. MASOC constantly maintains a database of technological capabilities of the member companies making it possible to find the right supplier both for local and foreign partners.

### PARTNER SEARCH

We offer information about technological capabilities and competences of the companies; assistance in finding suppliers and cooperation partners; effective subcontracting network covering the whole range of metal processing technologies; single contact point for information and inquiries. We offer organisation of incoming trade missions and site visits to our member companies. Potential partners are welcome to contact MASOC and we will help to arrange B2B meetings and assist with logistics support.

## NACE 22 — Manufacture of rubber and plastic products

1

**BALTIJAS GUMIJAS FABRIKA**  
**Legal form:** Jsc.  
**Reg. No.:** 40003411758  
**Address:** Vienības gatve 87 D-2,  
 Riga, LV-1004  
**Phone:** +371 67187534  
**E-mail:** bgf@bgfrubber.com  
**WEB site:** www.BGFrubber.com

**Member of the Board:** Anatolijs Kuzmins  
**Member of the Board's mob. ph.:** +371 29215607  
**Member of the Board's email:** kuzmin@bgfrubber.com  
**Contact person:** Dainius Mažeika  
**Position:** Sales Manager  
**Contact person's mob. ph.:** +370 69442244  
**Contact person's email:** dm@bgfrubber.lv  
**Number of employees:** 45  
**Turnover in 2024 EUR:** 1 713 700  
**Turnover in 2023 EUR:** 2 531 443  
**Turnover in 2022 EUR:** 1 920 239  
**Main markets:** Germany; EU; Sweden; Finland; Baltic states; Poland; Ukraine  
**Year of foundation:** 1998  
**Business profile:** Rubber and silicone compounds, rubber products  
**Looking for cooperation in the area of:** Subcontracting  
**Technology facilities in company:** Moulding of rubber articles; Rubber compounds production; Compression and injection moulding  
**Certificates in use:** ISO 9001; ISO 50001

2

**POLIPRODEST**  
**Legal form:** Ltd.  
**Reg. No.:** 43603041684  
**Address:** Rubeņu ceļš 2,  
 Jelgava, LV-3002  
**Phone:** +371 63086998  
**E-mail:** info@poliprodest.com  
**WEB site:** www.poliprodest.com

**Director:** Andrejs Šveisbergs  
**Director's mob. ph.:** +371 29214144  
**Director's email:** andrejs@poliprodest.com  
**Contact person:** Ivars Melkins  
**Position:** Project Manager  
**Contact person's mob. ph.:** +371 28730747  
**Contact person's email:** ivars@poliprodest.com  
**Number of employees:** 5  
**Turnover in 2023 EUR:** 295 500  
**Turnover in 2022 EUR:** 209 740  
**Main markets:** Latvia; EU; Lithuania; Estonia  
**Year of foundation:** 2010  
**Business profile:** Manufacturing and restoration of polyurethane rubber products  
**Looking for cooperation in the area of:** Delivery and restoration of polyurethane products  
**Technology facilities in company:** Casting of plastics; Casting of polyurethane; Sawing; Cylindrical grinding; Turning; Rapid prototyping; Design of moulds and dies; Production of moulds and dies; MIG/MAG welding; Spotwelding  
**Certificates in use:** ISO 9001; ISO 9001:2015

3

**PRINTPACK SERVICE**  
**Legal form:** Ltd.  
**Reg. No.:** 40003589919  
**Address:** Piedrujas iela 7,  
 Riga, LV-1073  
**Phone:** +371 67818007  
**E-mail:** printpack@printpack.lv  
**WEB site:** www.printpack.lv;  
 www.e-printpack.lv

**Director:** Linas Končius  
**Director's mob. ph.:** +371 28658275  
**Director's email:** linas@printpack.lv  
**Contact person:** Renārs Ivaņinoks  
**Position:** Sales Manager  
**Contact person's mob. ph.:** +371 25769912  
**Contact person's email:** renars@printpack.lv  
**Number of employees:** 40  
**Turnover in 2024 EUR:** 10 499 904  
**Turnover in 2023 EUR:** 9 974 493  
**Turnover in 2022 EUR:** 12 752 435  
**Main markets:** United Kingdom; Latvia; EU; Austria; Western Europe  
**Year of foundation:** 2002  
**Business profile:** Supplier of industrial plastics, packing materials, films, digital printing equipment and materials, providing specialized services as a production of parts from technical plastic, milling of aluminum, plastic, plywood and other materials, plastic cutting, knife sharpening  
**Looking for cooperation in the area of:** Companies interested in the production of parts from technical plastics, steel and aluminium. Technical plastic and aluminum sheet material supplies  
**Technology facilities in company:** Sawing; Automatic lathes; CNC machining centres; CNC milling; CNC turning; Gear making; Milling; Turning; Design services CAD; Rapid prototyping; Sharpening; Design of stamps; Production of stamps

4

**FONEKSS METĀLS**  
**Legal form:** Ltd.  
**Reg. No.:** 40003075327  
**Address:** Ganību dambis 19 B,  
 Riga, LV-1005  
**Phone:** +371 67382196  
**E-mail:** fonekssmet@latnet.lv

**Turnover in 2024 EUR:** 2 112 900

**Turnover in 2023 EUR:** 2 975 800  
**Turnover in 2022 EUR:** 3 102 500

**Main markets:** Germany; Latvia;  
Norway; Sweden; Denmark; Finland;  
Lithuania; Estonia; Czech Republic;  
Slovakia; Switzerland

**Year of foundation:** 2012

**Business profile:** CNC SAAN main business profiles are CNC machining and steel structures manufacturing. Company was established by professionals, who have gained experience in international manufacturing sectors and are able to provide high quality solutions for customers. Company provides services as a subcontractor for small and medium volumes to customers, that specialize in production fields as Industrial equipment, Agriculture, Energetics, Processing equipment, Oil & Gas, Mining, Nuclear research.

**CNC SAAN have CMM measuring machine and 22 different CNC machine centrs, where maximum machining parameters are:** milling (horizontal and vertical) - max 6000x1260x1750 mm, turning up to D 700x3000 mm and 5 axis turning – milling centrs. Involving our collaboration partners “CNC SAAN” also provides the following services like hardening, galvanizing, anodization and painting

**Looking for cooperation in the area of:** Company is looking for partners in various industry sectors for subcontracting to CNC machining and steel structures manufacturing

**Technology facilities in company:** Sawing; CNC machining centres; CNC milling; CNC turning; Milling; Turning; 3D coordinate measuring (CMM); MIG/MAG welding; TIG welding

**Certificates in use:** ISO 9001:2015

**DAUPRO**

**Main markets:** Germany; Latvia;  
Baltic states; Poland; India; Turkey;  
Middle East  
**Year of foundation:** 1992

**Business profile:** The company has two lines of business: 1. Casting, forging of the desired shape from any type of lead or lead alloy. The company manufactures lead shot and bullets, ballast lead shot, lead and aluminum seals. 2. Production of products for the aviation industry according to customer drawings from steel, stainless and heat-resistant steel, aluminum, titanium, brass and plastic. We offer production of high precision parts and products with special requirements for quality and durability. We accept orders from one prototype to hundreds of parts. That we also provide services in the production on the basis of soft metals (Pb, Zn, etc.) Production of smooth-bore ammunition, production of plastic parts up to 150 g. We are interested in placing orders with manufacturers who have modern equipment and production methods with a modern metal product quality control laboratory

**Looking for cooperation in the area of:** Outsourced production based on soft metals (Pb, Zn etc.) Ammunition manufacturing. Plastic parts manufacturing up to 150g weight. Interested in placing orders with manufacturers who have modern CNC-machinery and production methods. Interested in cooperati

**Technology facilities in company:** Casting of non-ferrous metal ingots; Casting of plastics; Hardening

 Denmark; Italy; Hungary;

Switzerland; Netherlands

**Year of foundation:** 2003

**Business profile:** EHT FABRIK Ltd. is a leading supplier of precision sheet metalwork in Latvia, providing all our in-house services within 3350 square meters of a purpose-built working space. CNC punching/laser/forming/tapping, laser cutting, CNC bending, CNC inserting and stud welding, TIG/MAG welding, robot welding, 3D CMM inspection, vibro tumbling, tube sawing, INOX & aluminum surface grinding, ceramic shot blasting, engineer services & prototyping, "clean stainless" steel processing. We specialize in design, manufacture and assembly of bespoke sheet metal enclosures and precision sheet metalwork where quality and visual appearance are of essential value. Our strong quality driven team and ERP system allows walking an extra mile in order to produce innovative ideas on how to manufacture high-quality and cost-efficient products while eliminating a possibility of human error.

**Looking for cooperation in the area of:** Automotive line components, Optics, ICT sectors, Audio and Electronics

**Technology facilities in company:** CNC Laser cutting; CNC punching (perforating); Sawing; Surface grinding; Rapid prototyping; CNC Sheet metal bending; Barrel finishing, tumbling; Shot blasting; 3D coordinate measuring (CMM); MIG/MAG welding; Robot welding; Spotwelding; TIG welding

**Certificates in use:** ISO 9001:2015

**Turnover in 2023 EUR:** 28 700 901

**Turnover in 2022 EUR:** 32 531 174

**Main markets:** Germany; Latvia;  
 Norway; Sweden; Denmark; Finland;  
 Lithuania; Estonia; Belgium; Slovakia;  
 Ukraine; Netherlands; Slovakia

**Year of foundation:** 2010

**Business profile:** Subcontractor of sheet metal cutting, bending services. Final product- prefabricated sheet metal parts made on customer order. Additional services (welding, surface treatment, machining) upon request and availability. For defence industry full production cycle according standards (cutting, bending, welding, painting). Including ballistic steel structures. Laser cutting- with table layouts up to 8150\*2600 mm with bevel cut, drilling and threading option. Bending- up to 8000- mm with 1000- ton power. Plasma cutting- table layout up to 4000\*20000- mm

**Looking for cooperation in the area of:** Based on our business profile

**Technology facilities in company:** CNC gas cutting; CNC Laser cutting; CNC plasma cutting; Sawing; CNC Sheet metal bending; Shot blasting; Wet painting; 3D coordinate measuring (CMM); Non-destructive tests (NDT); MIG/MAG welding; TIG welding

**Certificates in use:** ISO 9001; ISO 14001; ISO 9712; EN 1090-2; AQAP-2021 ; ISO 9606-1; ISO 50001; EN ISO 14732; ISO 2768-1; ISO 2768-2

## Precision Sheet Metal Solutions Since 2010

At EMJ Metals, we specialise in delivering high-quality sheet metal cutting and bending services tailored to the specific needs of our customers. With over a decade of experience, we've built a reputation for excellence in crafting prefabricated sheet metal parts for a wide variety of industries.

**Our Technological Capabilities Include**

**Laser Cutting**

We offer precision laser cutting with large-format tables that can handle dimensions up to 8150x2600 mm, ensuring accuracy for even the most complex designs.

**Plasma Cutting**

Our advanced plasma cutting tables have an extensive layout of up to 4000x20000 mm, featuring bevel cuts, drilling, threading options to accommodate large and intricate parts.

**Press Brake Bending**

We provide sheet metal bending up to 8000 mm with a powerful 1000-ton press brake, capable of creating precise bends for large and small-scale projects.

**Military Production**

We specialise in prefabricated parts, welding, and painting of structural and ballistic steel for the defense industry.

**Quality & Efficiency**

In addition to cutting and bending, we offer a range of supplementary services, including welding, machining, and surface treatment (available upon request). Our comprehensive service offering ensures we can meet all of your project's needs under one roof.

**Main markets:** Latvia; EU; Lithuania;  
Estonia; Iceland  
**Year of foundation:** 2018

**Business profile:** Production, design and assembly of various metal constructions. We create many different types of metal structures using the latest in metalworking technologies. We work together with each of our clients to find the best solutions. Main services: Metal and aluminium structures - Design items; Metalworking; Turning; Milling; TIG, MIG-MAG welding; Cutting and folding; Galvanization and powder painting; Delivery and installation. Our products are mostly made of stainless steel and black steel. We can both powder paint and galvanize selected metal products to order, and combine them with other materials (wood, glass, plastic, composite panels, etc.)

**Looking for cooperation in the area of:** Food production equipment, much different stainless steel products, many different metal design products, individual solutions for construction sites

**Technology facilities in company:** CNC Laser cutting; CNC plasma cutting; CNC punching (perforating); Sawing; Stamping; CNC Sheet metal bending; Roll bending; Roll forming; Sheet metal bending; Powder coating; Shot blasting; MIG/MAG welding; TIG welding

**Main markets:** United Kingdom;  
Latvia; Finland; Estonia

**Year of foundation:** 2020

**Business profile:**

- Sheet metal cutting with fibre laser. We work with stainless steel, mild steel, aluminium, with a sheet size up to 3000x1500mm, and thickness up to 20mm.
- Bending of sheet metal parts for medium and large orders up to 3000mm and 1600kN.
- Certified TIG/MIG welders. Welding of various levels of complexity.
- Modern production equipment and strict quality control.
- Equipment known for high quality and accuracy.
- Efficient production system and a team of experienced experts
- Careful processing of each order and recommendations for better result.
- Engineering services.
- Wide network of dependable cooperation partners that are able to provide a full range of metalworking processes

**Looking for cooperation in the area of:** Business profile

**Technology facilities in company:** CNC Laser cutting; Sawing; CNC Sheet metal bending; Sheet metal bending; Tube bending; Powder coating; MIG/MAG welding; Shield-metal arc welding; Spotwelding; TIG welding

**Certificates in use:** EN 1090-1; EN 1090-2

**Business profile:** Subcontracting metal fabrications, - Housings for electronics or components for industrial equipment, construction accessories, military requirements, MoD licence

**Looking for cooperation in the area of:** Housings for electronics, components for industrial equipment, construction accessories, military requirements, MoD licence  
**Technology facilities in company:** CNC Laser cutting; CNC Tubular laser cutting; Sawing; Cylindrical grinding; Surface grinding; Rapid prototyping; CNC Sheet metal bending; Roll bending; Sheet metal bending; Barrel finishing, tumbling; Powder coating; Shot blasting; Laser welding; MIG/MAG welding; Robot welding; Spot welding; TIG welding

**Certificates in use:** ISO 9001; ISO 14001; EN 1090-1; EN 1090-2; ISO 14001:2004; EN 1090; SEDEX; TUV Welding certificate; ISO 9001:2015; ISO 14001:2015; ISO 45001

A full-cycle metalworking company that provides a wide range of services with consistent high quality.

The banner features the KNK MEFAB logo at the top left. To the right, there is a grid of icons representing various metalworking services: bending, robot welding, welding, laser cutting, tube laser, spot welding, laser welding, stud welding, blasting, prototyping, press nut, powdercoating, mechanical processing, and metal rolling. Below these icons, there are three large circular images showing industrial machinery in operation. At the bottom, there are logos for ISO 9001:2015, ISO 14001:2015, ISO 145001:2018, CE, ISO 2768m-K, ISO 4063, ISO 8504, and ISO 4628-2.

LATSTAB is a modern, dynamic Latvian company, whose main commercial activity is to manufacture wide range of steel products for a variety of civil engineering-related areas.

**Bussines profile:**

- street lighting poles (conical, octagonal, tubular, hinged),
- contact line poles for electric mains,
- high masts with mobile crowns, fixed platforms etc.,
- met masts, steel lattice sections (guyed lattice or self-supporting lattice modules),
- steel constructions,
- anchor foundations, pile head plates, base grillages, screw piles for different types of applications

**Looking for cooperation in the area of:** Highway, road and street construction, railways, renewables, telecommunications

**Technology facilities in company:** CNC Laser cutting; CNC plasma cutting; Sawing; Cylindrical grinding; CNC milling; CNC turning; Milling; Surface grinding; Turning; Design services CAD; CNC Sheet metal bending; Roll bending; Sheet metal bending; Tube bending; Electrolytic galvanizing; Powder coating; Shot blasting; Wet painting; Chemical composition tests of metal; Non-destructive tests (NDT); MIG/MAG welding; Robot welding

**Business profile:** CA metalworking company specializing in the design and manufacture of home, garden and catering equipment for smoking and grilling fish, meat, chicken, cheese and vegetables. Our smokehouses are ideal for a variety of locations: garden, terrace, holiday home or camping (easy to build in or stand on a platform)..

Our developed technology provides excellent temperature and air circulation control, which guarantees the highest quality end result even in the harshest weather. We offer professional but affordable smoking solutions for everyday private use and also for catering. The company developed additional products such as cold smoking equipment and an electric smokehouse

**Looking for cooperation in the area of:** DIY store chains, Specialized stores, metalworking services

<b>METAL PRINT</b>	<b>Director:</b> Uldis Klaperis <b>Director's mob. ph.:</b> +371 28778208 <b>Director's email:</b> info@metalprint.lv	<b>Business profile:</b> Production of household appliances parts, production of household articles, production of metal art and design articles, medicine (prostheses), dentistry (implants), jewelry production, motor sports (lightweight parts), industrial machinery service
<b>Number of employees:</b> 1	<b>Looking for cooperation in the area of:</b> Metal additive manufacturing	
<b>Main markets:</b> Latvia	<b>Technology facilities in company:</b> Design services CAD; Metal 3D printing; Rapid prototyping	
<b>Year of foundation:</b> 2016		

<b>METĀLMEISTARS</b>	<b>Director:</b> Elmārs Balodis <b>Director's mob. ph.:</b> +371 29244791	<b>Business profile:</b> Small and flexible family company involved in precise metal working, mostly operating as sub-contractor who is specialized in SHEET METAL PROCESSING and MACHINING by producing from simple to complex and precise components, sub-assemblies and final products made of steel, stainless steel, aluminium and other materials for different industries incl. OFF-SHORE, FOOD, WOODWORKING, MECHANICAL ENGINEERING, CONSTRUCTION and other industries. We are able to carry out very small as well as large scale (up to 6700x3600x2000mm) projects by using CNC Laser cutting, CNC water jet cutting, CNC sheet metal bending, CNC roll bending, CNC tube bending, NC shearing, NC sawing, CNC turning, CNC 9-axis multi-functional turning and CNC milling machine-tools
<b>Contact person:</b> Arnis Balodis <b>Position:</b> Sales Manager	<b>Number of employees:</b> 20	<b>Looking for cooperation in the area of:</b> Manufacture of precise metal parts and assemblies with CNC machining and CNC sheet metal processing machine-tools

<b>METĀRO</b>	<b>Contact person:</b> Arturs Ščukins <b>Position:</b> CEO <b>Contact person's mob. ph.:</b> +371 25654406 <b>Contact person's email:</b> arturs@metaro.lv	<b>Business profile:</b> Manufacturing of prototypes and contract manufacture. We provide full cycle of industrial equipment manufacture and/or assembly. Carbon steel, stainless steel, bronze, copper and plastic parts manufacture in small batches. CNC turning, CNC milling, Conventional turning and milling, Waterjet cutting, CNC laser cutting, CNC press brake, Welding, Shot-blasting, Wet painting, Assembly
<b>Legal form:</b> Ltd.	<b>Number of employees:</b> 44	<b>Looking for cooperation in the area of:</b> Non-standard industrial equipment manufacture. Small batch and pilot series parts/equipment

<b>METKON</b>	<b>Director:</b> Mihails Benderskis <b>Director's email:</b> mihails.benderskis@metkon.lv	<b>Business profile:</b> Main line of business - metal processing. At the company's manufacturing facilities, there is the most modern equipment for sheet metal processing, CNC milling and machining, powder coating equipment, and machines for welding steel, stainless steel, and aluminum products
<b>METKON</b>	<b>Legal form:</b> Ltd.	<b>Looking for cooperation in the area of:</b> machinery; machine producing; metal case producing; metal construction and details

## WELDED STEEL FABRICATIONS – FULL PRODUCTION CYCLE INHOUSE

CNC Laser cutting  
CNC Sheetmetal bending  
CNC Milling Sheetmetal rolling  
CNC Tube bending Welding  
CNC Turning Painting  
Assembling Shotblasting

**OUR CONTRACTS**

- ✓ Military vehicle components
- ✓ Transformer tanks
- ✓ Chassis for mining industries
- ✓ Industrial Mixers
- ✓ Conveyor systems for bulk materials
- ✓ Agriculture equipment
- ✓ Lumber handling equipment
- ✓ Hydraulic tanks
- ✓ Enclosures
- ✓ Coolers for power generators

**APPROVALS IN USE**

"Build to print" subcontractor in welded steel fabrications for machine building and industrial equipment.

**Director's email:** info@cvsys.eu

**Number of employees:** 15

**Turnover in 2024 EUR:** 406 000

**Turnover in 2023 EUR:** 115 735

**Turnover in 2022 EUR:** 270 014

**Main markets:** Germany; Latvia; Lithuania

**Year of foundation:** 2014

**Business profile:** - development and production of food sublimation (freeze-drying) equipment;

- development and production of space technology testing equipment;

- testing services of space technologies and their components;

- development of various research equipment;

- development and production of vacuum equipment (vacuum stations, vacuum pump stations);

- supply of vacuum and cryogenic equipment (vacuum meters, vacuum pumps, vacuum accessories, turbomolecular pumps, cryogenic stations, cryogenic pumps, Dewar tanks, cryogenic valves, cryogenic accessories, etc.)

**Looking for cooperation in the area of:** Cooperation with enterprises to implement their scientific achievements in the field of mechanical engineering. Interested in placing orders for making stainless steel products according to our drawings

**Technology facilities in company:** Development, creation and maintenance of vacuum, refrigeration and cryogenic equipment

**Certificates in use:** CE

**Year of foundation:** 2017

**Business profile:** Zippy Vision revolutionises the woodworking industry with advanced computer vision technology. Zippy Vision systems optimise circular sawing, cross-cutting and quality inspection. The company's solutions ensure high machining precision and significantly improve customers' bottom line.

**Technology:**  
-BestCut M4  
High-resolution, multi-sensor four-sided quality evaluation scanning of beams with complete product placement for rip-cutting/cross-cutting optimisation  
-BestCut M2  
High- resolution 2D board scanning for rip-cutting/cross-cutting optimization and sorting.  
-Profile Expert  
High-resolution solid wood profile visual quality/dimension/surface inspection system.  
-Other custom timber product inspection and process optimization solutions

**WE SET UP** and develop  
manufacturing companies

## Manage production processes, keep everything in **ONE PLACE**

- More than 40 years of experience;
- More than 4000 customers;
- 100% for manufacturing companies;
- Simple and quick installation with a user-friendly working environment.

### MANUFACTURING

The manufacturing module contains everything you need to control, plan, and follow-up on production.

- BOM and Routing with BOM lists and operation lists
- Pre-calculations and post-calculations
- Manufacturing order - register/release suggestions, order documents, replan
- Loading plans in lists and charts
- Pick lists for picking of material
- Operation and material reporting
- Manage subcontracts - orders, shipment, arrival reporting, planning
- Pool planning for efficient use of equivalent machines
- Manufacturing follow-up - efficiency, productivity, use of resources

### PURCHASE

The Purchase module contains support for the entire purchase process, from inquiry to accounts payable.

- Supplier register with SRM functionality
- Inquiry - register, send, monitor
- Purchase order - register/release suggestions, send, monitor
- Arrivals, print transport labels, receiving inspection
- Register supplier invoices, link to purchase order
- Accounts payable with payment of supplier invoices, file transfer
- Follow up using e.g. purchase statistics, supplier rating, and order backlog
- BI - Purchase

### SALES

The Sales module contains all functionality regarding customers and sales, from quote to accounts receivable.

- Customer register with CRM functionality
- Quotes - register, send, monitor, convert into actual orders
- Customer orders - register, check delivery times, confirm, monitor
- Delivery process with pick lists and transport management
- Invoices to customer, pro forma, invoicing plans
- Accounts receivable with functions for payments in, payment reminders, interest invoices, etc.
- Follow up using e.g. sales statistics, delivery reliability, order inflow, cash flow forecast
- BI - Sales

## Measure your products' climate footprint with Monitor ERP

### SUSTAINABILITY BY MONITOR

In 2026, all small and mid-sized enterprises in the EU will be required to file sustainability reports under the new ESRS (European Sustainability Reporting Standards) standard.

#### Why use Sustainability by Monitor?

- ✓ Calculate carbon footprint
- ✓ Adopt strategic measures
- ✓ Compatible with ESRS
- ✓ Included in Monitor ERP as standard

## Smart Factory

### Networked for sheet metal processing

Vision Smart Factory

Sheet Metal Production

Flat Bar Production

**World's fastest multicoll system integrated to a versatile coll punching and cutting line.**

Solutions that others can only wonder about

**Fully electric punching machines for aluminum and copper, customized for increased production demands, better energy efficiency and higher reliability.**

# TehnoBuss

MASOC has been implementing the TehnoBuss project since September 2015, with the aim of generating interest in engineering sciences in school youth and informing them of opportunities for learning, study and career development in the industry.

TehnoBuss is a mobile demonstration laboratory built on the bus platform, which is equipped with modern, full-function technological stands, equipment and tables for automated processing of various materials, which school youth can not only look at during classes, but also try themselves.

TehnoBuss focuses on the enhanced promotion of co-operation between educational institutions, employers and young people, this is why we call for the cooperation of educational institutions, and other stakeholders who support and are interested in promoting the interest of young people about education and professional career path in engineering.

Ar mērķi radīt skolu jaunatnē interesi par inženierzinātnēm, informēt tos par mācību, studiju un karjeras iespējām nozarē, MASOC jau kopš 2015. gada septembra īsteno projektu TehnoBuss.

TehnoBuss ir uz autobusa platformas izveidota mobila demonstrāciju laboratorija, kura ir aprīkota ar mūsdienīgiem, pilnas funkcionalitātes tehnoloģiskajiem stendiem, iekārtām un dažādu materiālu automatizētās apstrādes darba galdiem, kurus skolu jaunieši nodarbību laikā var ne vien aplūkot, bet arī paši izmēģināt.

TehnoBuss darbība ir vērsta uz ciešākas sadarbības veicināšanu starp izglītības iestādēm, darba devējiem un jauniešiem, tādēļ aicinām uz sadarbību mācību iestādes un citus interesentus, kuri atbalsta un ir ieinteresēti veicināt jauniešu interesi par izglītību un profesionālo karjeras ceļu inženierzinātnēs.

# LIAA: A ONE-STOP-SHOP FOR FOREIGN INVESTORS & BUYERS

Located in Northern Europe, with access to consumers in the EU & the CIS,  
Latvia boasts a premium class infrastructure & connectivity, a lenient tax regime  
& competitive business costs.

Considering or starting a business in Latvia? Then, the Investment & Development Agency of Latvia (LIAA) will be your first point of contact and a one-stop shop to create your success story.

## WHAT DO WE OFFER?

### Investment Facilitation

- Information on business opportunities, investment incentives and the best real estate options
- New contacts to start a business
- Legal assistance with start-up procedures

### Suppliers' Searches

- Information on Latvian exporting companies, products and services, search of suppliers
- Reaching out to Latvian companies, introducing to your business proposal
- Seminars and trade missions to/from Latvia

### Information on foreign markets for enterprises in Latvia

- Assistance at fairs and trade missions, export promotion campaigns and B2B matchmaking
- Data on workforce availability and skill evaluation

### State Support Programmes

- A wide range of support programmes to start and grow your business
- Information on the EU common market, policies, legislation, regulations and trading systems

### Foreign representatives

- Offices in 22 countries provide information on all you need to know about business in Latvia

# THE BIGGEST INDUSTRIAL TRADE FAIR IN THE BALTIC REGION

(Latvia, Lithuania, Estonia)

International Trade Fair for Mechanical Engineering, Metalworking, Automation, Electronics, Electrical Engineering, Production Supplies, Tools and Innovated Technologies

Tech Industry  
2025

27.-29.II. 2025

- The exhibition features more than 270 companies from at least 25 countries and is attended by over 21,000 industry professionals from around the world.
- During the exhibition, a large-scale international B2B matchmaking event will take place, bringing together a significant number of Latvian manufacturers and foreign entrepreneurs. In the exclusive Business Lounge area, participants will have the opportunity to meet and conduct business negotiations with more than 100 Latvian manufacturers and other company representatives. Registration for the matchmaking event is required through the designated platform.
- The exhibition will also feature a Latvian manufacturers' joint stand, where visitors will have a great opportunity to meet a wide range of Latvian producers and explore innovations, as well as the latest products and technologies.

RIGA, LATVIA, KIPSALA INTERNATIONAL EXHIBITION CENTRE

## Liepaja Industrial Park – Your Destination for Investment!

Transforming the former Liepajas Metalurgs ferrous metallurgy plant, a brownfield site, into a modern industrial park with greenfield development opportunities.

Located within the Liepaja Special Economic Zone, Liepaja Industrial Park offers approximately 120 hectares of prime development land, ideal for modern production facilities, science and research centers, and logistics hubs.

- ONE-STOP-SHOP AGENCY
- BUSINESS DEVELOPMENT
- LAND AND PREMISES

TAX INCENTIVES

INDUSTRIAL TRADITIONS

AVAILABLE SKILLED WORKFORCE

AIR, LAND, SEA AND RAIL CONNECTIONS

### Why choose Liepaja Industrial Park?

- Strategic Location:** Situated in the Liepaja Special Economic Zone, providing a unique opportunity for sustainable development, innovation, and high-value industries.
- Flexible Plot Sizes:** Available plots range from 2.6 to over 6 hectares, with the option to combine adjacent units for customized business solutions.
- Modern Infrastructure:** Industrial buildings and warehouses ready for efficient modernization and transformation, complete with modern utilities, access roads, and essential infrastructure.
- The European Green Policy and the RIS3 strategy:** Promoting the development of high-value added innovations, advanced technologies to enhance regional competitiveness and economic growth.

Invest in Liepaja Industrial Park – where sustainability, innovation and industrial Leadership meet!

SMART CUTTING-EDGE TECHNOLOGIES AND SOLUTIONS

INNOVATIVE FOCUS ON SCIENCE, RESEARCH, AND INTEGRATED SOLUTIONS

GREEN COMMITMENT TO CLIMATE NEUTRALITY
